Personal Profile

I am a third-year Ph.D. student in the Department of Computer Science and Technology at Tsinghua University. My research focuses on high-performance data storage and retrieval systems. I have published 10 papers in top-tier venues, including SIGMOD, USENIX ATC, FAST, and ACM TOS. I have also served on the Artifact Evaluation Committees of leading systems conferences, including OSDI, SOSP, and ASPLOS. My honors include the National Scholarship, the Siebel Scholars Award, for which I was selected as one of 83 recipients worldwide that year.
